

9 OF OUR POPULAR KEYCHAINS ARE NOW AVAILABLE IN **RECYCLED MATERIAL**

**NEWS
2019**

- 4 BEAUTIFUL TRANSPARENT COLOURS:
RED, BLUE, GREEN AND ORANGE
- ELEGANT FLAT
CHROME RING ENGRAVED WITH
"RECYCLED PLASTIC – MADE IN DENMARK"

Promotional gifts made of recycled materials are ideal for customers with a green corporate identity.

9 of our keychains are now available in recycled Polycarbonat (PC). The keychains are made in very high quality and just as resistant as our original keychains of acrylic PMMA. On keychains made of recycled material, there can be minor variations in colours and small impurities in the material. In our opinion, these small differences only helps to emphasize that the material is recycled.
