

Quality Policy

We want to renew our industry and deliver sustainable solutions. Our work with quality is an important part of this vision.

We want our quality to create value for our customers.

We want our quality to contribute to sustainable social development at Jalema BV.

Quality work is integrated into our processes and working methods. Simplicity, continuous improvement at all levels and systematic exchange of experience are the epitome of our quality.

THE BASIS OF OUR WORK WITH QUALITY

- We focus on our customers
- We work on improvement
- We exchange experiences
- We act responsibly
